

# Vendor Registration

## Astronomical League Convention and Vendor Forum

Vendor Registration includes vendor-level access to the Astronomical League Expo Convention for two company representatives, a vendor booth of approximately 10'x10' size and one skirted table. No additional registration fee is required for vendor representatives to enter the convention. Vendors may purchase same optional tours or dinners as in standard registrations. Vendors shall be allowed to enter the vendor room early from 7:30pm on Thurs., August 11th. Door prize drawings shall take place in Vendor Area on forum stage throughout the Expo.

Vendor Forum Talk participation is FREE to any registered and participating astronomy-related vendor at ALConExpo. Thirty minute 'vendor forum' talk segments are scheduled on August 12th-13th. Vendor forum talks are specifically designed for vendors to introduce, demonstrate and promote their products. A limited number of vendor forum talks will take place during specific blocks of time in centrally located arena-style stage area in the main vendor hall Friday and Saturday. These spaces are available on a first-come, first serve basis and subject to the final approval of the vendor relations staff. Requests for timeslot availability should be submitted to Vic and Jen Winter at [vwinter@icstars.com](mailto:vwinter@icstars.com). Forum schedule allows for 30 minutes of forum / demonstration time in each session with up to 15 minutes of questions and overrun and no less than 15 minutes for vendors to clear and re-assemble the stage area.

### Seeking Vendor Reception Sponsors for possible Vendor Reception on Thursday night!
